Hello friends!  
My name is Three.

I am a number.  
Numbers tell "how many."

How many fingers is this boy holding up?

That's right! Three fingers!  
**Three.** That's me!

This is my hand sign. Do you know why?

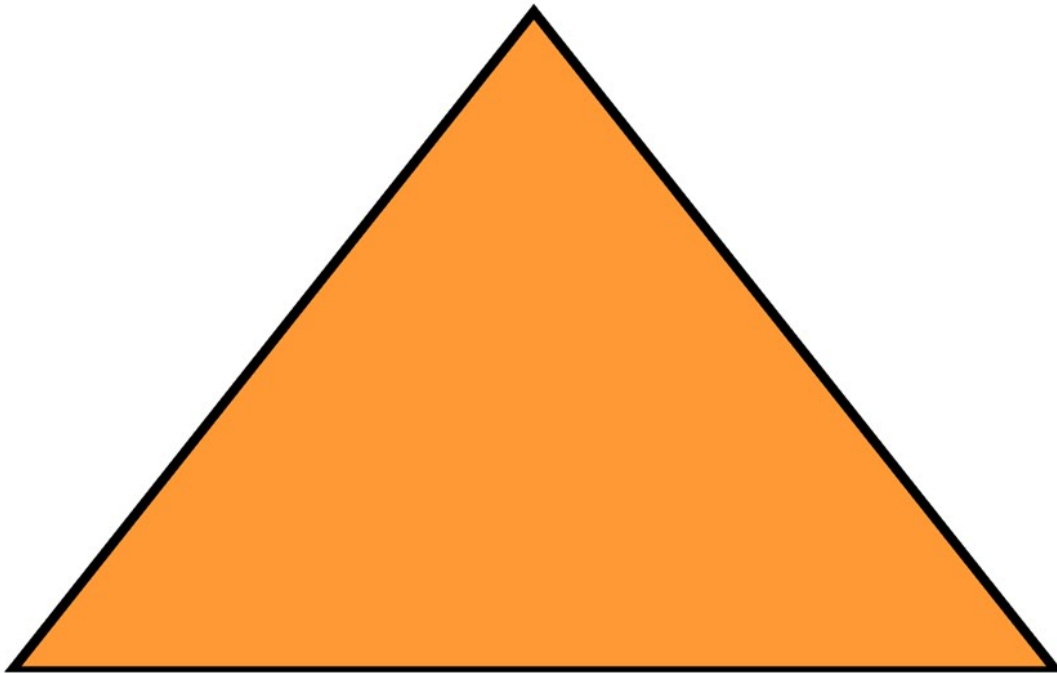

Can you make this sign with your hand?

A tricycle has 3 wheels.

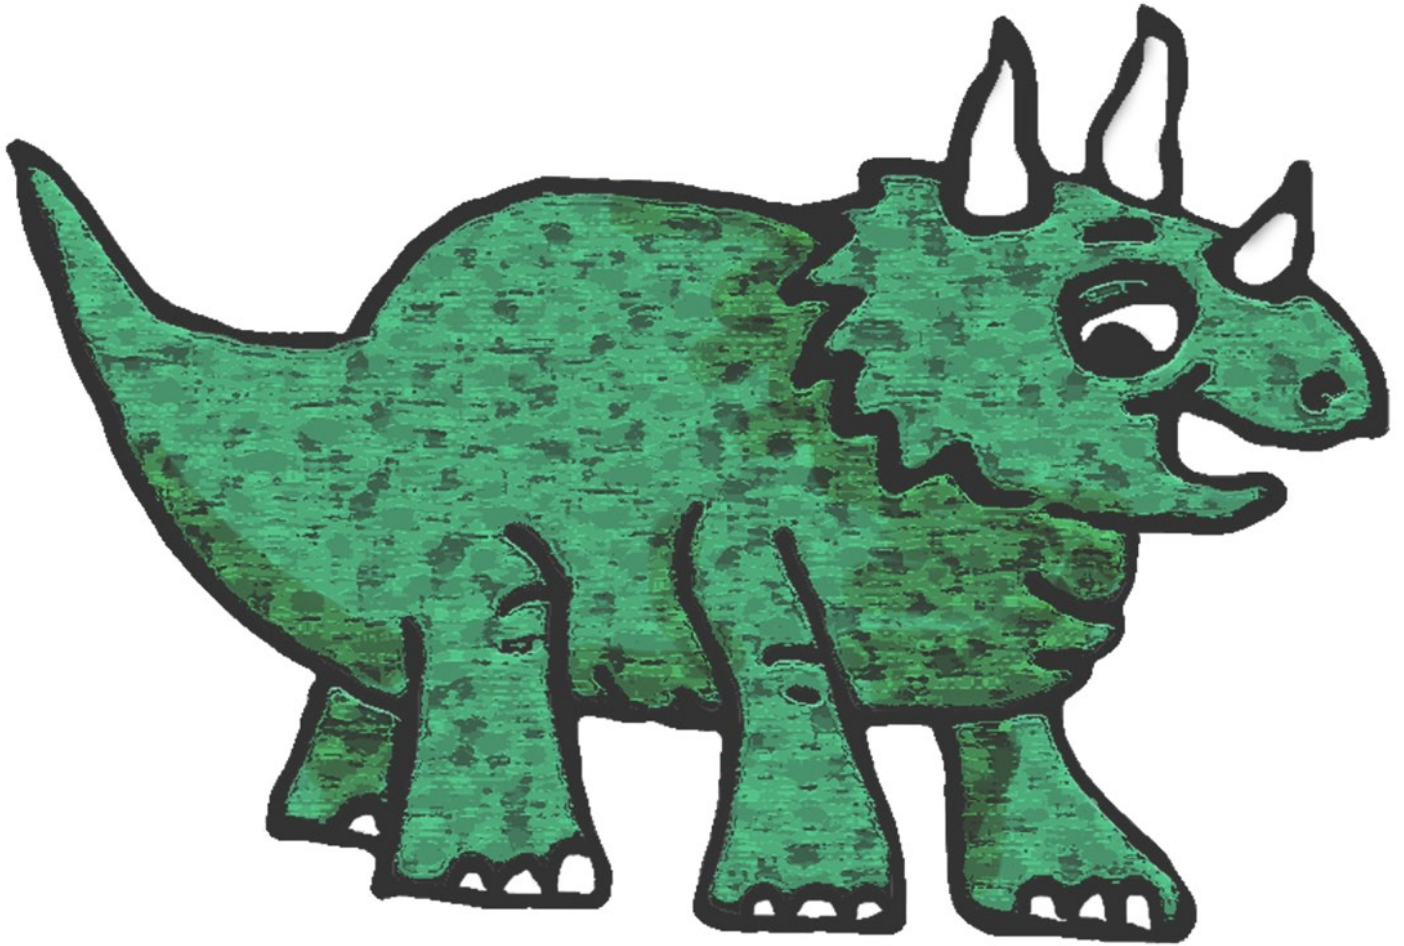

A triangle is my favorite shape.  
Can you guess why?

That's right! It has three sides and three corners!

A Triceratops is my favorite dinosaur.

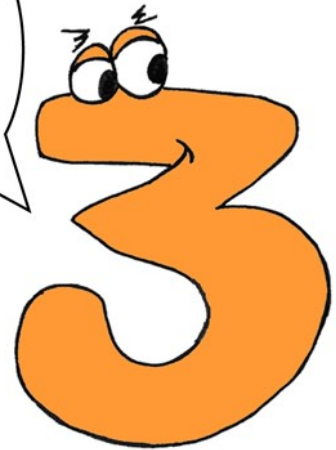

Can you guess why?

If genie granted you three wishes,  
what would you wish for?

Hmmm.....  
Let's think!
